Presents

“Ethical Dilemmas Regarding Death and Dying”

3 hour Ethics Workshop for LPCs and LMFTs

Stephen Pierrel, Ph.D., a clinical psychologist, and Assistant Professor of Family & Community Medicine at Baylor College of Medicine, will provide those in attendance with a framework for understanding the ethical dilemmas a helping professional may encounter when working with a client with a terminal diagnosis, as well as issues of disclosure about the nature & circumstances of death. The ethical implications of pathologizing grief & bereavement will also be identified & explored. This is a valuable, experiential, and thought-provoking workshop, not to be missed.

Don't let the title scare you- death and taxes happen to everyone!

WHEN: Saturday Nov. 3, 2007 9:00AM – Noon
Registration begins at 8:30am
